This map illustrates the distribution of 50 data points across the United States, categorized by region and size. The points are color-coded: purple for the West, blue for the Midwest and Northeast, orange for the South, and dark blue for the Northeast. The size of each circle represents a third variable. The map includes state names, major cities, and surrounding bodies of water. A Bing logo is in the bottom left, and copyright information is in the bottom right.

Legend:

- Color: Region (Purple: West, Blue: Midwest/Northeast, Orange: South, Dark Blue: Northeast)
- Size: Third Variable
